**CASH, BONDS STOLEN**—Safe-crackers escaped with an estimated \$2,000 in a hardware store robbery at Bolton, Ont. Chief Constable Sheardown and provincial police check truck, safe for fingerprints. The safe was carted away in a light delivery truck and jumped open with railroad tools stolen in Aurora, Ont. It was abandoned near Bolton.—S.N.S. photo.

**EINSTEIN GIVEN HEBREW U. DEGREE**—On the occasion of his seventieth birthday, internationally renowned scientist Albert Einstein is shown (right) as he received an honorary doctor of philosophy degree from Dr. Israel S. Wechsler in behalf of the Hebrew University of Jerusalem. Presentation was made at his home in Princeton, N.J. The Princeton ceremony paralleled one held in temporary quarters of the university in Jerusalem where scientists and scholars lauded Professor Einstein's contributions to science.—S.N.S. photo.

**WINNIPEG QUEEN PICKED**—Gloria Gray, 20-year-old beauty, who has been crowned "Miss Winnipeg" in the annual contest held by the Associated Community clubs of Winnipeg. Gloria will visit eastern Canada in the near future.

Colleen McKendry represented the Weston Memorial Community club in the big contest. More than 40 clubs were in the preliminary competition and the finals brought together 25 of Winnipeg's most beautiful girls.

(S.N.S. photo) Winnipeg claims it has the most beautiful girls in Canada and Betty Barschell, 17, is one of them. Betty represented the Norwood Community club in the event. "Miss Winnipeg of 1947 and 1948" presented awards.

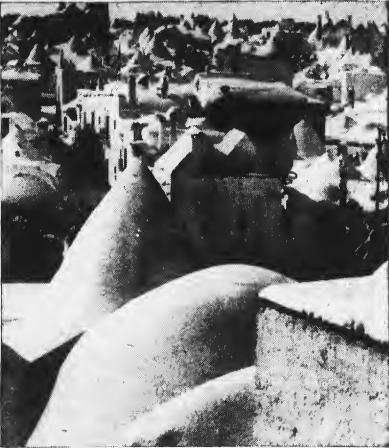

**BEEF-EATER'S DAUGHTER IS BRIDE**—The grim old Tower of London, where many heads were lopped off in what are laughingly called the good old days, was the scene of a happy bridal when Miss Bethia Burrows, shown on the arm of her father, Yeoman Warder John Burrows in his bedfearer regalia, was wed to Grenadier Guardsman Leslie Stevens. Bride is six feet tall, and the groom two inches taller.—S.N.S. photo.

**FLOWN MORE THAN A MILLION KILOMETERS**—Shown here at the controls of a big passenger plane is Yevgenia Lemeschenok, who recently became a new member of Russia's "millionaire fliers"—second woman pilot in the Soviet Union to fly more than one million kilometers (about 625,000 miles). In the 17 years since she entered aviation school in 1931, Miss Lemeschenok has become a famous pilot who gives much time to the training of fliers. She has flown air routes all over the Soviet Union and during the war brought ammunition to the Soviet army in Stalingrad besides participating in the battle of Berlin.—S.N.S. photo.

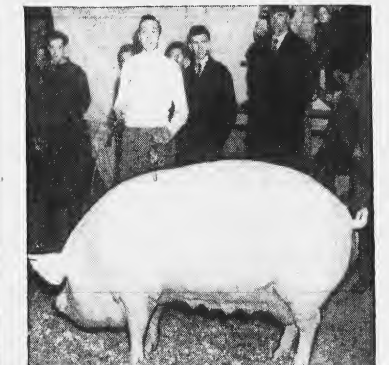

**DOLLS FOR BRITAIN**—Holding dolls which she will distribute to children in England is Margaret O'Brien, screen star, seen in her stateroom before sailing from New York on the liner Queen Elizabeth. The dolls were made by Bill Bertolotti, a restaurateur.—S.N.S. photo.

**HEAVY SNOWFALL BLANKETS SUNNY ITALY**—Sunny Italy looks more like the polar regions as more than seven feet of snow blanket African style houses at Alberobello in the southern Puglia region. Snowfall was the worst in half a century, isolating many small towns from neighboring villages.—S.N.S. photo.

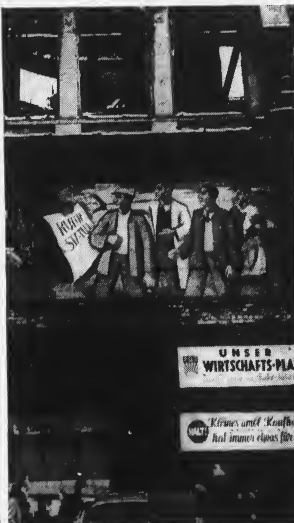

**CATHY GIVES BOXER THE LATEST GOSSIP**—Cathy Wright, 19 months old, of Alexel, Va., stops to tell her latest rumor to her boxer friend in appealing girl-looks-dog photo.—S.N.S. photo.

**FLUFFY**—Don Slinger, Gueph, grand champion livestock showman exhibits aged sow Fluffy at the College Royal, Ontario Agricultural College.

**BERLIN YOUTHS IN 'COAL RACKET'**—While Canadian boys are busy this time of year playing marbles, it's a different story in Berlin where the average youth is concerned with keeping warm. Leader of a youthful group, known as Berlin's "Dead End Kids," John Klatt, nine, (top centre), puffs on a cigarette as he talks over with his small fry pals plans for gathering desperately needed coal. The lads scavenge the tracks between Tempelhof and the coal bunker centre in the Neukölln area. To make their "haul" more lucrative, gang members get aboard trains, as shown below, and nip coal to colleagues. Young Klatt acts as the "groscheandler", or buyer, hiring his "agents" on a commission basis. Armed guards now ride the trains.

**RUSS REMINDER TO LEIPZIG FAIR VISITORS**—Allied photographers got a peek under the Soviet "Iron Curtain" in Germany recently when permission was granted Allied cameramen to take pictures of the annual Leipzig spring fair. Everywhere about Leipzig, which is in the heart of the Russian zone, posters, such as the one on the war-wrecked building shown in this photo, were erected to remind the visitors to the fair of the "warmongering Fascist west" and what the German people had to lose if the Allies retain power over Germany. Almost all of the signs spread throughout the gaily bedecked city cried out against the newly-announced Ruhr statutes and showed the U.S. symbolically by dollar signs.—S.N.S. photo.

**F.D.R. JR. IN POLITICS**—Franklin D. Roosevelt, Jr., third son of the late president, is shown at his New York office. First of the family to seek elective office, he will be a candidate to succeed the late Rep. Sol Bloom who died recently. Now 35 years old, F. D. R., Jr., is regarded as natural political timber by observers because of his name and his resemblance to his father. He is not a resident of Mr. Bloom's district, but under state law, may run there as long as his residence is in the state.—S.N.S. photo.

**IT'S THE END OF BRITISH CLOTHES RATIONING**—As one more step in its gradual recovery from war shortages, Great Britain has removed all restrictions from clothing purchases, putting apparel of all kinds on a rationless, couponless basis. Shops all over the country immediately made public announcement of the glad news, many of them, as above London store, scrawling the glad tidings on their windows.—S.N.S. photo.

## J. J. Hambley Hatcheries Ltd.

You are invited to visit our new modern hatchery at 8th Ave. and 4th St. E. Calgary. We have installed new Buckeye Hatchery equipment, Hawkins Million Dollar Hen Brooders, and many other features.

All Hambley Electric Chicks come from flocks that have been Government Approved, each bird banded and Pullorum tested. You will make no mistake when you choose Hambley Electric Chicks for 1949. Your order should be placed now with deposit.

## Pass Citizens Throng to Opening Of New Hospital

Matron Florence Cameron Cuts Ribbon Following Opening Declaration by Dr. McCallum of Edmonton.

Hundreds of Pass citizens took advantage of sunlit skies on Monday afternoon, April 4 to attend the opening ceremonies staged on the threshold of the magnificent new structure designed to give them their long awaited centralized hospital service. Mayor Enoch Williams welcomed the people of the Pass and the distinguished guests from Calgary and Edmonton.

Dr. McCallum, of the Provincial Health Department, was to have cut the silken ribbon signifying the official opening but following a short address in which he announced that this was the 48th Municipal Hospital to be put into operation in Alberta he graciously relayed the task of severing the ribbon to the matron of the new hospital, Miss Florence Cameron.

E. E. Maxwell, supervisor of Municipal Hospitals conveyed his gratification at being present at this great moment in the medical history of the Pass, particularly in view of the fact that he had been present at the initial meeting of the plan that was now a concrete realization. He mentioned the difficulties encountered in building this vital institution in the face of rising costs.

The appearance of the hospital's interior drew gasps of surprised delight from the hundreds of Pass citizens who lost little time following its official opening to stream through the wards and corridors to inspect the immaculately clean and modern facilities.

In addition to the main opening ceremony at the Hospital's main entrance, ribbon cutting ceremonies were conducted in connection with the wards and waiting-room furnished by service organizations. Mrs. Adam Wilson, of Coleman, officiated at the opening of the waiting room furnished by the Order of Royal Purple; Dick Morgan, of Blairmore, representing the Lions Club of that town, officiated at the Nursery furnishing by the latter; Mrs. Fred Padgett, of Bellevue did the honors for the "Belcrest" ward and Bruno Gentile and Mack Stigler represented the Coleman Elks at the ribbon ceremony that officially opened the ward they furnished in honor of a brother Elk and pioneer in the primary plans to construct the hospital.

### FAVOR SYSTEM TO TEST MOTOR CAR DRIVERS

A recommendation that proper tests of first applicants for drivers' licenses has been made to the Alberta legislature in a report by a special legislative committee headed by Hon. A. J. Hooke, minister of economic affairs.

The committee also recom-

mends that similar tests be made concerning the fitness of drivers involved in accidents during the previous year.

Increased inspection facilities in order to ensure that traffic regulations are being observed on the highways also has been recommended by the committee, which, appointed a year ago has made some exhaustive studies.

For some years the Alberta Motor Association has been pressing for proper tests of first applicants for drivers' licenses. It has contended that the number of accidents among youthful drivers makes it essential to tighten the regulations covering examinations before applications for such licenses are granted.

If the legislature adopts the recommendations of the committee, it is believed that a system of drivers' tests will be established within a short time.

### LETTER TO THE EDITOR

Dear Sir:

I hope you will pardon the delay in this renewal of our subscription but the thought of missing any issues of the eagerly awaited Journal finally stung me into action. Please find enclosed orders to renew our paper and Johnny's. Incidentally, Johnny is now stationed at Lachine, Que. For his Coleman friends who may be interested, it is, Sgt. J. James, Apt. 12595, Overhill St. Lachine, Que.

Mr. James and I were pleasantly surprised about a month ago when Johnny, his wife and two children, Douglas and Richard paid us a surprise visit. They travelled by North Star plane from Lachine to Vancouver. They stayed for ten days. On the way back they stopped off in Calgary to give Irene and her husband, Mr. and Mrs. MacRae, of High River, a chance to see them.

They wrote from Lachine immediately on their return there to tell us about the thrill they got from flying over Coleman and Blairmore, and the sight of seeing the beautiful mountains that surround the old home towns.

Gus and I are both well and enjoying Vancouver's spring weather. Our kindest regards to all.

Daisy James,  
3780 Cambie St.,  
VANCOUVER, B.C.

## Credit Union Off To Good Start

Officers of New Credit Group Pleased With Initial Success In First Weeks of Operation.

If the enthusiasm being generated by its secretary, Stan Kwaney, is any criterion, then Coleman's newly formed Credit Union is destined to play an important part in the economic lives of Coleman residents. Stan buttonholed us the other day and after jubilantly informing that 54 members had already joined the Group, he settled

down to relay the following facts. "You may have heard a great deal about Credit Unions but most people are still unaware of the basic principles involved. It is not a political, religious or money making scheme. It is designed to render financial service to its members."

Stan paused for breath, then went on. "Anyone can join, regardless of color, creed or religion. All that is required is a small entrance fee, 25 cents to be exact, and a small deposit of 50 cents on a share. After that, every payday Saturday you can deposit anything you

can spare, at the Credit Union's Office in Adam Wilson's Insurance Office between the hours of 3 p.m. and 5 p.m."

Stan was only warming up, he took another deep breath and delivered the main argument. "The Credit Union is not in competition with the banks, it provides its members with a convenient method for saving, encouraging thrift, it offers security for savings and provides credit facilities at reasonable interest rates and it also helps educate its members in the conduct of handling their own affairs."

In conclusion, Stan pointed out that, "the Credit Union is incorporated under the Provincial Credit Union Act, its books are examined annually by the Provincial Supervisor of Credit Unions. All persons handling money are bonded. The records and accounts of the Union are checked by the supervisory committee every month and a report made to the directors. The members of the Union elect the officers at the annual meeting, which is open to all members."

Stan, then released the iron grip on our lapel to fish out pamphlets and press clippings

and handed them over with the admonition that we "study them well". We have, and frankly, the Coleman Credit Union would appear to be in for a long and mutually successful career to serve the people of the community.

## Elaborate Settings Planned For Bellevue Ice Carnival

Father and Daughter Adagio Act Will Feature Colorful Show.

Now that the hockey season is over, everyone is looking forward to the carnival being presented in the Bellevue Arena on April 8 and 9. The members of the Figure Skating Club are contributing much of their time to practice for the colorful and picturesque Ice Frolics of 1949. The imported costumes and scenery for the mammoth Show Boat number arrived last week and all arrangements have been completed for the import of skaters from Lethbridge, Medicine Hat and Spokane.

An Adagio number, which will

be of great interest to the people of the Pass, will be presented by Mr. Wm. Harvey, director and manager of the Ice Frolics, and his talented daughter, Geraldine. While practicing for this number, Miss Harvey had the misfortune to injure her foot. However, she is much improved and will be displaying her usual excellent form.

## THE ROCKIES

The following poem was written by Michael Dewdney, son of the Rev. and Mrs. A. S. Dewdney. "Mike" is eighteen years old and a Grade 12 student at local high school.

Foothills climbing upward slow. Mountains marching row on row,

Valleys wandering in between. Where no man has ever been. Like cathedrals on every stand, Spires that rise on every hand. Domes and mosques and castles tall,

Broken tower and massive wall. Deep cut gullies down the sides,

Jagged scars of ancient slides. Round their feet lie piles of rocks,

Like discarded building blocks

Forests marching everywhere, Pine trees rambling here and there, Flowering-glad meadows scattered wide, Set like jewels in mountain side. Clouds that bring streams life again, Summits peering through the rain, Torrents leaping, raging down, Angry, fitful, moody brown. Summer sunlight drifting o'er Golden hay on valley floor, Mountains brown and blue and green,

Silver rivers in between. Peak and park and grassy glade, Hills of amber and of jade, Emerald forests, sapphire sky, Sunset's fires, and wind's shrill cry.

In the valleys, rivers run, Rippling, sparkling, in the sun, Far above the white snows gleam,

Where the mountains drowse and dream.

—Michael F. Dewdney.

## Prospects of Employment In Pass Look Good For Coming Season

"Prospects for employment for the Crows Nest Pass look favorable for a steady run through spring and summer," forecast Francis J. Lote, manager of the Pass employment office located in Blairmore. "The lack of CPR rolling stock will be the only hindering factor," he predicted. Miners have been losing a considerable number of shifts through lack of cars since last August, but the situation has eased somewhat with less wheat shipments leaving more cars available for coal hauling, explained Mr. Lote.

### Power Shortage

Another contributing factor to the lost shifts has been the power shortage, felt by all mines throughout the Pass, East Kootenay Power Co., which supplies the Pass with electricity, have been forced to ration the power out to the mines, resulting in "double shifting" and less work for the men, said Mr. Lote.

"But Lumbering is starting to open up for summer operations and farm laborers now engaged in coal mining will be returning to farms during April and will ease any employment situation that exists," said Mr. Lote.

However, the big problem in the Pass today is housing. Every house is occupied and there is absolutely no construction, said Mr. Lote. So serious is the congestion that last week when two tenants announced their intention to vacate suites, over 40 applications were received.

In Hillcrest a number of families had been moved out of the area near the railroad sta-

tion due to the possibility of another "Frank Slide" down Turtle mountain, but re-occupied the buildings because of the acute housing shortage.

### Strip Mines

Mr. Lote also said that with the coming of good weather strip mines will resume operation and temporarily laid off men will be back at work which will also materially increase the coal output.

However, Mr. Lote did not encourage any outside workers to come into the Pass. "The greatest need here today is nurses for the new municipal hospital which will possibly open early in April, and for certified miners," he concluded.

## Lethbridge Symphony Orchestra Plays Here Sunday, April 24.

Coleman Elks Sponsoring  
Musical Treat For Good Music  
Lovers; To Be Staged in  
Roxy Theatre.

Alberta's youngest but fastest growing musical organization, the Lethbridge Symphony Orchestra, will stage a Concert in the Roxy Theatre, Sunday, April 24 at 8 p.m. Formed only two years ago the orchestra has shown such fine progress that the Ellslop Milling and Elevator Co. recently decided to sponsor the up and coming young group via radio and concerts. The Coleman concert, however, is being sponsored by the local B.P.O.E. lodge.

Frank Hosek, Jr., the conductor is no stranger to the Pass, having been born and lived in Bellevue for many years. A pupil of W. H. Moser in his preliminary stages of musical training, he left Bellevue to attend and graduate from the Toronto Conservatory of Music. On his return to Alberta he took up residence in Lethbridge and started a school of music. These pupils now form the nucleus of his orchestra.

For the Coleman Concert Mr. Hosek plans on bringing along two of Lethbridge's outstanding artists, Miss Jackie Boyle, who is heard regularly on the radio each Friday night and Miss Juanita Irving, a talented violinist who is rapidly making a name for herself in the musical world.

### IN MEMORIAM

TIBERGHEIN — In Loving Memory of our dear daughter and sister, Emily, who passed away at Coleman on April 10, 1949.

## Social Progress

THE UNSETTLED CONDITIONS which prevail in the world today have caused many people to forget that in spite of wars and periods of economic adversity notable progress in matters which are of great importance to the welfare of humanity has been made during the past thirty years. In most countries, during that time, definite advances have been made in the field of social legislation and in spite of disruptions caused by great national and international crises, the welfare of the average citizen has become a matter of increasing importance to many governments. During that time, too, a number of great social injustices have been righted.

### New Welfare Laws Passed

In Canada, conceptions of social welfare have changed considerably in the last thirty years. Before the First Great War, workmen's compensation measures had been introduced, as well as legislation for unemployment insurance. During that war, the first provisions for mothers' allowances were made, to be followed in the 1920's by laws providing for old age pensions, and for pensions for the blind. Great advancement has been made in this period, too, in the important matter of child care. During the years of drought on the Prairies, when many farmers had their incomes cut off because of that disaster, relief was provided. There have also been the measures passed for the welfare and re-establishment of veterans of both wars, and more recently, the trend toward continued social legislation has been evident in the introduction of family allowances and increased expenditures for public health.

### Advances Made In Short Time

A recent issue of "Canadian Welfare" an official publication of the Canadian Welfare Council draws attention to the progress which has been made in welfare work here in a comparatively short period of time. In 1924, it is pointed out in the report, the entire amount spent on social welfare in Canada, by provincial, federal and municipal governments was \$85,000,000 while now the annual expenditure for this work is close to \$850,000,000. It is evident from these facts that in spite of the adverse conditions which have been experienced in many matters, slow but steady advancement has been made in the very important field of human welfare and there will no doubt be continued efforts to improve living and working conditions for the people as long as such needs exist.

### Brandon Horse Wins Event

REGINA.—Bouncing Buster from the Lilla-Gord stables at Brandon, Man., showed he still had youth in his bones despite his 19 years as he swept to victory in the featured Evers challenge trophy jumping event of the Regina Light Horse show. With Gord Williamson up, Buster had the crowd of 4,000 cheering wildly as he leaped through the intricate and hazardous course twice for a clear-cut victory over Cool Customer, candidate of the Kelvin Grove Farms, Calgary. The two horses had to jump off for first place with rails heightened after tying the first jump.

### MENNONITES TO SETTLE ON FARMS

OTTAWA.—Under a special plan, 500 Mennonite D.P. workers and their families will be settling on Canadian farms this year, mainly in the prairie provinces. The movement will start in April and will continue if necessary until the end of October, which is the deadline set. Arrangements are in the hands of the Dominion-provincial farm labor committee in each province and federal labor department officials here have no word as yet as to distribution by provinces.

**AIR HERO HONORED**  
ROCKY MOUNTAIN HOUSE, Alta.—A week in the Smoky River region, north of Rocky Mountain House forest reserve, has been named Stren Creek in honor of Flt. Lt. J. R. Streue, D.F.C. of Edmonton. Flt. Lt. Streue was reported missing in 1943.

**OLDER THAN CANADA**  
WINNIPEG.—There's a dollar bill here older than Canada. The note was issued at Toronto when Upper Canada was changing from sterling to dollars. It bears the figure 1 and says the bearer will be paid on demand five shillings.

**TOOTH DERBY**  
VICTORIA.—Latest entry in the tooth derby is 14-month-old Patricia Haywood of Victoria, who claimed to be the most toothsome tot in Canada. She has 22 shining teeth.

The boa constrictor of South America is the largest of snakes.

**GRAND CHAMPION SHORTHORN**—With daughter Helen at the halter, here is Gold Glove grand champion Shorthorn bull at Kamloops Sale, entered by James Turner, Royal Oak, Victoria, B.C.

### Manitoba Plans Record Road Building Program

WINNIPEG.—A record road building program to cost an estimated \$7,175,000, is planned for Manitoba in 1949.

The cost will be met by drawing \$2 millions from current revenues, the balance out of capital account. Biggest item is the expenditure on the Winnipeg-Emerson highway which brings into Manitoba the majority of tourists from the United States. The grade for part of it was built last year and \$841,590 is provided to finish the grade for a 26-mile stretch north from Emerson and \$1,169,790 to concrete surface the grade built last year. Concrete surfacing of the grade built this year will be done in 1950.

Another major item is \$987,650 for surfacing part of the Trans-Canada highway west from Brandon to the Saskatchewan boundary. The provinces are still awaiting word whether the Dominion government will make any contribution to building the Trans-Canada but Manitoba is proceeding with its program in any event.

### FUNNY And OTHERWISE

"Shine your boots, gun'ner?"  
"No."  
"Shine your boots so yer can see your face in them."  
"No."  
"Well, I don't blame yer."

The little boy was asked:  
"Do you want meat?"  
"Yes."  
"And potatoes?"  
"Yes."  
"And beetroot?"  
"Yes."  
"What other little word have you forgotten?"  
And heek came the firm answer: "Cabbage."

Mistress: "Goodness, Jane, where's the canary?"  
Jane: "I dunno, Mum. It was there when I started on its cage with the vacuum cleaner."

A love-lorn sailor decided to celebrate pay day by sending a telegram to his girl. After chugging on his pencil for several minutes he finally handed in a message that read: "I love you, I love you."

The counter clerk read it and said: "You're allowed to add an other word for the same price." The sailor pondered for several minutes and then added his extra word. It was: "Regards."

"I always lie awake for an hour after going to bed, and this gets on my nerves. Can you suggest a remedy?" asked a patient of his doctor.  
"Yes. Go to bed an hour later."

It was after the opera. The expensively-dressed woman approached the broad-shouldered man. "Hi I am not mistaken," she said, "I have the honor of speaking to the renowned bass, have I not?"

He felt flattered. "And what can I do for you, madam?"  
"I can't find my car," she answered pleasantly. "Would you be so kind as to call out 'Charlie' at the top of your voice?"

"I doubt if your eyes are strong enough to get you a driver's licence," said the optician. "Sit here and tell me how many letters you can read on the number plate of that car outside."

"What war?" said the would-be motorist.

### THE TILLERS

BACK FROM TOWN ALREADY, HUNK? DID YOU BRING THE TOBACCO I ASKED YOU TO BUY?

YEP, HERE IT IS!

ILL TOSSE YOU A COIN FOR IT, HUNK. DOUBLE OR NOTHING?

WELL... OKAY. HE, TILLER!

ITS TAILS! YOU PAY ME DOUBLE!

BY GOLLY, I THINK ILL HAVE TO GET A NEW HIRER MAN... I DON'T LIKE ANYBODY WORKING FOR ME WHO GAMBLES!

### Placing Reindeer In Eskimo Care

OTTAWA.—New efforts are being made to place reindeer under the management of Eskimos in the Mackenzie Delta region of the Northwest Territories, Resources Minister MacKinnon said.

Since last December two trained Eskimo herders, with two apprentice herders, had managed reindeer in the Eskimo lakes area under department supervision. The government maintains a reindeer station at Aklavik, N.W.T., and hopes to interest other Eskimos in reindeer management.

Reindeer were introduced into northern Canada in 1935 to provide Eskimo and Indians with a means of livelihood in addition to the northern game resources on which they depend. The animals are a valuable source of food and clothing.

The original herd of 2,370 reindeer was established on a selected range on the east side of the Mackenzie delta and in last summer's roundup some 6,600 reindeer were counted.

To Feel Right — Eat Right

### WOMEN WILL NEVER LEARN TO OPERATE MOTORCYCLES

VANCOUVER.—Stick to back-seat driving, ladies, you'll never learn how to operate motorcycles.

So says Edward Turner, official of a British motorcycle company, who is busy selling his product across the Dominion.

"Cycle racing, after all, requires tremendous physical strength. Women just don't measure up to that," he says.

If it's any consolation, Turner doesn't question feminine ability only their lack of strength.

**RICH, SPICY CINNAMON BUNS**

**Recipe**

Measure into large bowl, 1 c. lukewarm water, 2 tps. granulated sugar; stir until sugar is dissolved. Sprinkle with 2 envelopes Fleischmann's Royal Fast Rising Dry Yeast. Let stand 10 min., THEN stir well. Sift 1 c. milk and stir in 3/4 c. granulated sugar, 1 1/4 tps. salt, 6 tps. shortening; cool to lukewarm. Add to yeast mixture and stir in 2 well-beaten eggs. Stir in 3 c. one-sifted bread flour; beat until smooth. Work in 3 c. more one-sifted bread flour. Knead until smooth and elastic; place in greased bowl and brush top with melted butter or shortening. Cover and set in warm place, free from draught. Let rise until doubled in bulk. While dough is rising, combine 1 1/2 c. brown sugar lightly pressed down, 3 tps. ground cinnamon, 1 c. washed and dried seedless raisins. Push down dough and divide into 2 equal portions; form into smooth balls. Roll each piece into an oblong 1/2" thick and 16" long; loosen dough. Brush with melted butter or margarine. Sprinkle with raisin mixture. Beginning at a long edge, roll up each piece loosely like a jelly roll. Cut into 1" slices. Place just touching each other, a cut-side up, in greased 7" round layer-cake pans (or use shallow pans). Grease tops. Cover and let rise until doubled in bulk. Bake in moderate oven, 350°, 20-25 minutes. Serve hot, or reheated.

**NEW FAST-ACTING DRY YEAST NEEDS NO REFRIGERATION!**

Stays fresh and full-strength on your pantry shelf for weeks! Here's all you do:

- 1 In a small amount (usually specified) of lukewarm water, dissolve thoroughly 1 teaspoon sugar for each envelope of yeast.
- 2 Sprinkle with dry yeast. Let stand 10 minutes.
- 3 THEN stir well. (The water used with the yeast counts as part of the total liquid called for in your recipe.)

## LOCAL NEWS

Don Christie was a Calgary visitor this past week.

Mr. and Mrs. Dick Tiffin were Edmonton visitors during the past week.

Mrs. J. H. S. Moffitt, of Macleod was the guest of her sister, Mrs. Bob Pattinson, during the past week.

Anthony Grinkus, 7-year-old son of Mr. and Mrs. S. A. Grinkus and grandson of Mr. and Mrs. A. Belevich, all formerly of Coleman, was awarded 2nd prize for Piano-Accordion playing at a recent amateur program at the Olympia Theatre, Vancouver.

Mrs. A. Gaskell and daughter, Annie, were recent visitors to the home of Mr. and Mrs. Geo. Evans.

Mr. and Mrs. Walter Pettifor, of Maple Creek, Sask., were week-end visitors at the home of their daughter and son-in-law, Mr. and Mrs. J. Powlyk.

After a short but pleasant holiday in Coleman as the guest of his son and daughter-in-law, Mr. and Mrs. Bob Pattinson, George Pattinson returned to his home in Victoria via Calgary, where he planned to stop off for a few days. George was a busy man during his short stay as he tried to get around to see as many old friends as possible.

Georgia Pattinson entertained a group of her little friends on the occasion of her seventh birthday last Saturday, March 26.

Pat Naylor left for Montana during the past week.

## MISCELLANEOUS SHOWER

27 people gathered at the home of Mrs. Annie McLean on Saturday evening, April 2 to honour Mrs. Gerald Amell, nee Rita Ash, in the form of a miscellaneous shower. Assisting Mrs. McLean to entertain the large gathering were Miss Winifred Dunlop and Mrs. Joan Dunford. Court Whist was played with prizes going to Miss Edith Hayson, 1st, Mrs. C. McQuarrie, 2nd. A delightful luncheon topped off the enjoyable evening.

## CARD OF THANKS

I would like to thank the Coleman Legion, Coleman Elks, Drs. Liesemer, Aiello, Brayton and the Nursing Staff for their kind attention and thoughtfulness during my recent stay in the Miners Union Hospital.

A Cornez

Sun., April 10

at 11 a.m.

All interested are invited to attend.

## CALLS FOR DIM LIGHTS ON CARS AT 400 YARDS

Alberta motorists will be required to dim their lights when at least 400 yards from an oncoming car, under the provisions of a bill to amend the Motor Vehicles and Highway Traffic act which has been introduced in the legislature.

Complaints over glare headlights during the past year have made the change necessary. Formerly, headlights had to be dimmed at least 200 yards from an approaching car.

Increased power in headlights also is another reason for the new legislation.

The Alberta Motor Association in promoting safety on highways has stressed the need of dimming car lights as the circumstances demand and thus increase driving safety.

The bill now before the legislature also provides that persons who drive rubber tired tractors on highways must have a drivers' license.

Of interest to rural residents is the provision that farmers or their employees, along with operators of commercial vehicles are not required to purchase chauffeur's licenses. One stipulation is that farmers or their employees must be operating farm vehicles used principally for transporting property of the farmer.

## Notice

All outstanding debts owing the COLEMAN MINERS UNION HOSPITAL must be paid by APRIL 22nd, 1949.

What's happening in Alberta  
is good for everyone

What's happening out in Alberta these days? Plenty! New oil is being sought and found. Money's flowing faster. There's lots of activity, lots of opportunity. And as a result all Canadians are better off.

For instance, oil from Alberta's new wells is expected to save 68 million U.S. dollars this year! That's one of the big reasons for Canada's better trade position, one of the reasons we are able to buy more U.S. goods.

The new discoveries have meant lower cost operation in Alberta and Saskatchewan for farmer and industrialist, and this must ultimately benefit all of Canada.

Then, too, it takes a lot of money to find oil and lots more to develop a field once it's found. Two million dollars a week is being poured into oil exploration and development in Alberta today. That spending creates new markets for the things the rest of Canada has to sell.

And finally let's recall that in the war years—and after—we were dependent on foreign oil for roughly 90 per cent of our supplies. This year prairie production should exceed prairie demand. With continued effort and reasonable success it is not too much to hope the men who search for oil will make Canada self-sufficient in petroleum in years to come.

Everywhere in Alberta you hear about new oil discoveries —all the more because they followed the long years when nature baffled the oil seekers. Years when men drilled holes two miles deep and found only water. Years of million-dollar disappointments.

In 1947 the tide turned. First it was the Leduc field . . . then the Woodbend field . . . next Redwater . . . now, still untested by time, other discoveries give new promise and the hope of still greater benefits for all Canadians.

## IMPERIAL OIL LIMITED

If you're interested in facts . . .

Consumption of oil in Canada is the second highest in the world on a per capita basis. United States alone is higher.

Canadians are using twice as much oil as in 1939 and more than three times as much as in 1922.

At the beginning of 1949 Canada was importing 84 per cent of her oil.

During 1948 Imperial Oil drilled a total of 138 wells in its search for oil and in developing the new fields of Alberta.

The oil industry is spending more than \$100 million in exploration and development in Alberta this year.

Bringing you oil is a big job—and a costly one

This advertisement is appearing throughout Canada in daily and weekly newspapers.
